

ST Tissue

ST Tissue, LLC needs to fill several jobs in Fiber Recycle and Tissue Mill facilities in Franklin!

We are interested in applicants with a minimum of 3 years experience as machine operator or backtender on a paper machine for our Tissue Mill.

If you have worked in a manufacturing environment and possess strong skills in mechanical, electrical or distributive control systems you may qualify for entry into our Fiber Recycle operation.

Employees will function in a lean, team based environment. Additionally, those hired must be willing to do work outside of their normal job duties to help accomplish safety, productivity and quality goals.

Must work 12 hour rotating shifts including holidays and weekends.

Send your resume with cover letter to:
