ST Tissue  
Attn: Production & Recycling Managers  
34050 Union Camp Drive  
Franklin, VA 23851

On behalf of the Virginia Farm Bureau Young Farmers Committee, and our YF&R friends from around the nation, please allow me to offer our sincerest thanks for everything you did to help make the national Young Farmers and Ranchers Conference a success! By rolling out the red carpet for those who visited your tissue manufacturing and recycling facilities, you helped us finish up a wonderful weekend event and leave a lasting impression on many of our participants. They all enjoyed seeing your operations!

This national event was the first of its kind in Virginia, and the largest gathering of Young Farmers and Ranchers for American Farm Bureau in recent decades. With over 1,000 YF&R members attending from more than 40 states, including guests from Canada and Russia, we're proud to have set a new bar for the future. It's an exciting time for young people in agriculture and we really couldn't have shown them the best of Virginia without you!

Thank you for sharing your company with our group and helping them see the many opportunities Virginia holds for strong businesses in agriculture and forestry. We wish you all the best in the future and hope we'll see you again soon.

Should you have any questions, feel free to contact me anytime.

Sincerely,

A handwritten signature in black ink that reads "Ron Saacke".
